IMPORTANT CAUTION.—THE WONDERFUL SUCcess of SAVORY & MOORE'S Pancreatic Emulsion
and Pancreatine in consumption, loss of the power of digestion and assimilation, has firmly established these
remedies in the estimation of the medical profession on
both sides of the Atlantic. Imitations of them—made in
America, Canada and England—being in reality either
saponaceous compounds or pomades, without a trace of
the Pancreatic principle, are entirely useless. The efficacy of these preparations, made by Messrs. Savory &
Moore from the first, under the direction of the physician
who introduced them, has been and can only be insured
by strict adherence to the original forming, and the
medical profession recognize no other Pancreatic Emulsion and Pancreatine than those prepared, the purity
and strength of which are guaranteed. See reports of
the experience and opinions of medical men on the value
of Savory & Moore's Pancreatic Emulsion and Pancreatine as remedies in wasting diseases. (Churchill & Sons,
London). To be obtained of all the principal chemists in
the United States and Canada. SAVORY & MOORE, No.
